This is a free conference call where the state of awareness known as the [Out of Body Experience \(OOBE\)](#) will be explored with author and guest speaker [Pat Walker](#) who experienced her first OOBE in 2003.

During a Sammy Hagar concert [Pat Walker had a spontaneous Out of Body Experience \(OOBE\)](#) that changed her life forever. While out of her body Pat saw God, her own soul and "beings" in other dimensions. Immediately after this OOBE, things started happening in Pat's life which she couldn't explain. She searched on line and checked out library books to help her find an explanation for what was happening in her life. Pat came across a book by

a man who had very similar experiences as hers. The biggest difference with this man's book and Pat's spontaneous OOBÉ was that the man had his experiences at a place called [The Monroe Institute](#).

Pat later decided to put her own Out of Body Experience into a book and found a publisher. The publisher she found also had a connection with The Monroe Institute and convinced Pat to participate in [The Monroe Institute's Gateway program](#) where she could explore further the idea that she was more than her physical body.

Pat has since participated more than once in a Monroe Institute week long program and is currently a [Monroe Institute local chapter leader in Fort Collins, Colorado](#). You can read about Pat's initial life changing OOBÉ in her book "[Dance of the Electric Hummingbird](#)".
